

# FRESH

## THE NEWEST & THE BEST

### TIGI

From Catwalk's new Your Highness volumising collection comes the Thickening Gel Crème. The answer for lustrous fuller hair, this formula will promote impeccable fullness along with amazing manageability and super shine. The blend of jasmine, violet and UV filters help protect the hair while making it feel thicker and healthier.

### MUK

Hard muk is a brutal hold, matte clay. It features a low sheen finish and has a very firm, yet flexible hold. It is perfect for creating extreme texture, spikes and direction and smells brilliant too with its citrus orange fragrance. The humidity resistant formula never flakes and is water soluble. Definitely a best seller!

### DERMORGANIC

DermOrganic's Masque Intensive Hair Repair repairs damaged hair and smoothes and softens while strengthening and texturizing. The key ingredient Argan oil is rich in omega-6, antioxidants and vitamin E which create a protective barrier against the damaging effects of heat, sun and wind to restore a healthy and natural shine. Enriched with rice amino acids and essential lipids this product makes hair manageable again.

### JOICO

Colour Therapy Restorative Styling Oil is a hydrating oil created to breathe new life into dull, dry, colour treated locks. This new generation of technology addresses the unique polymer B-layer, vital as it forms hair's first line of defence against colour loss with a premium blend of peptides, African Manketti Oil and Arginine. Using a dual benefit system, Styling Oil seals and nourishes the cuticle to lock in colour through the introduction of B-Layer lipid protection to ensure damaged hair holds onto colour for twice as long as a regular shampoo.
