

TOOLS OF THE TRADE

H2D

Curling Wand

Designed with salon professionals in mind, H2D Professional Curling Wand creates amazing results quicker than any other curler on the market.

Features:

- Super smooth Tourmaline barrel
- Ceramic technology produces negative ions to seal cuticles and repel humidity
- Far infrared technology gently heats the hair from the inside out, curling quickly and safely
- Ion field technology seals in natural oils
- Micro-porous technology locks in moisture
- Rapid heat recovery for quick styling
- Professional clip free design will not tug or break hair

- Salon length anti-tangle cable with 360 degree swivel
- Lightweight ergonomic design for ease of use
- 12 months manufacturers warranty

The H2D Curling Wand includes a free heat resistant glove, comb and training DVD. Contact H2D today on 07 53096 109.

Muk

Muk Style Stick

muk style stick...the new benchmark in über cool styling tools.

Features:

- Adjustable temperature 80°C - 210°C
- Universal voltage - automatically selects the correct voltage
- Sleep mode - turns off if left unattended for 30 minutes
- Tourmaline ceramic plates - the ultimate styling surface for smooth, static free shine.
- Floating plates

- Ion field technology - seals the cuticle layer of the hair locking in natural oils creating a smooth, frizz free, shiny hair surface
- Infra red heat - gently heats the hair internally, protecting the delicate surface structure
- 3 metre 360° swivel cord - eliminates tangling and twisting

Comfortel

Comfortel Mara Deluxe

The new Mara Deluxe has a similar style as the original Mara wash lounge from Comfortel, but with deluxe armrests for ultimate client comfort. This sleek wash lounge features a tilting and sliding basin and an adjustable back rest, so that it can suit all clients. The flick-down footrest ensures that clients can sit back and relax in comfort while having their hair rinsed, washed or treated.
